# COLOR'S CHART

Per i diversi modelli di riunito esiste la possibilità di personalizzare poltrona e parti della scocca con vari colori e tessuti. In queste pagine troverete una selezione di un piccolo campionario scelto per voi. Con leggere variazioni di costi avrete quindi la possibilità di abbinare il riunito con l'arredo del vostro studio.

## SIMILPELLE • rivestimento per poltrona

## STANDARD • rivestimento per poltrona

## MICROFIBRA • rivestimento per poltrona

## CANGIANTI • rivestimento per poltrona

## SCAMOSCIATO • rivestimento per poltrona

Oltre ai colori qui presenti esiste un'ampia gamma tra cui scegliere per personalizzare al meglio il proprio riunito.

## LACCATI • colori per riuniti

## LACCATI • Colori standard

# QUALITY

WE ARE LOOKING TO OFFER  
OUR EXPERIENCE,  
...AND TOGETHER TO  
IMPROVE

Strong in our experience since 1980  
solding other brand , starting in 1990  
the our production and design we are  
committed to arranging and furnishing  
hospitals, studios, shops.

we try to go hand in hand with the  
requeste and needs for end user .  
it means making it treasure and  
improving its capabilities and ease of  
use.

# SUITABLE FOR EVERY VISIT

## REDUCED MOBILITY

Venezia 6-9 April CSO distributor meeting

# WORKING OUT FROM PATIENT'S CHAIR

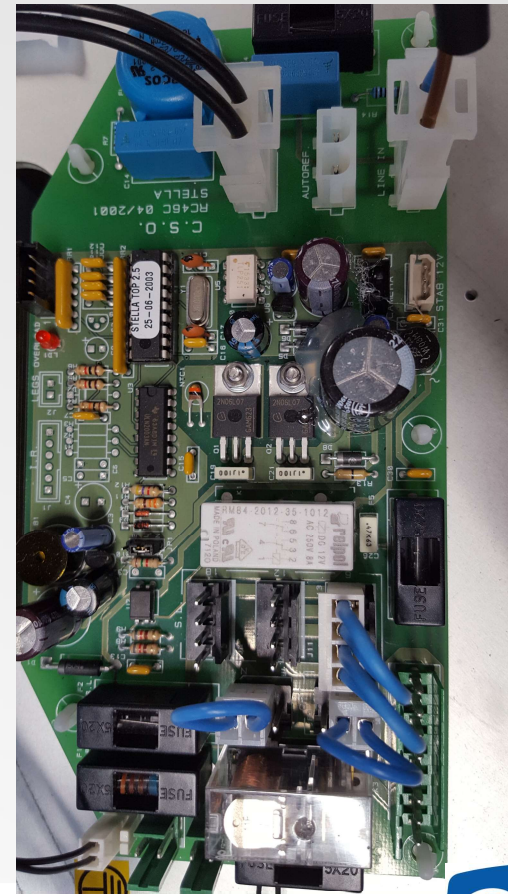

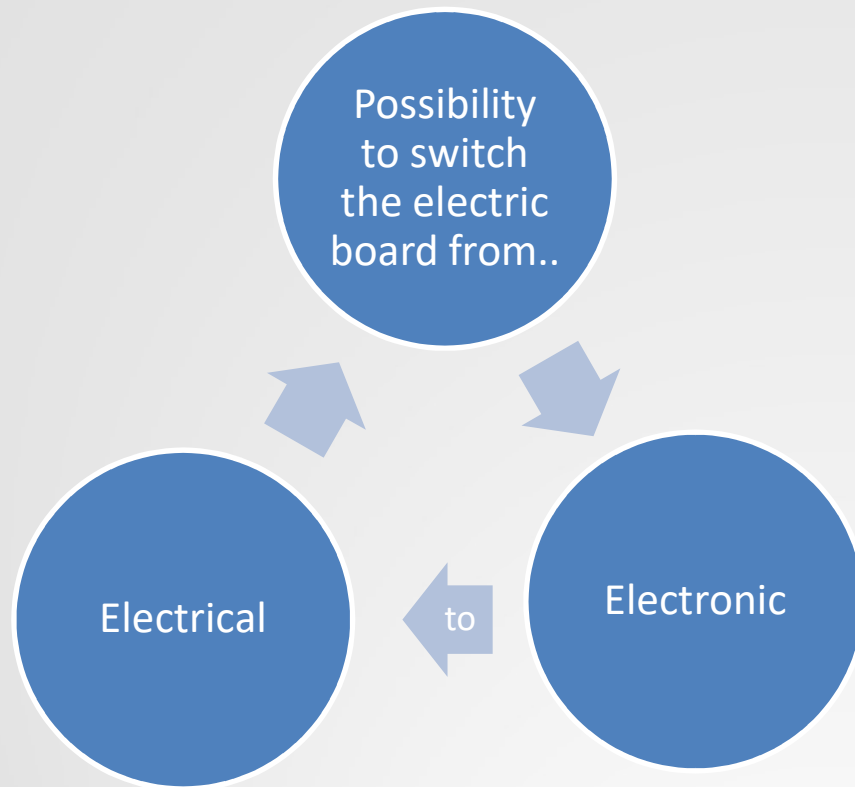

- In the our unit we looked to not underestimate the needs to visit patients out of chair this is the reason why we choosed the manual opening and stopping the table top everywhere .
- It means, in the units with lift of the table , we get the possibility to visit handicap patients , infant or old people , very easier and without remove the chair getting the best fitting of the unit in the room .

Venezia 6-9 April CSO distributor meeting

# EMERGENCY for.....TROUBLELESS

Venezia 6-9 April CSO distributor meeting

# EMERGENCY SYSTEM IS..

The possibility to switch the normally status of the unit from electronic to electric .

This feature , exclusive for CSO unit , mustn't be underestimate because

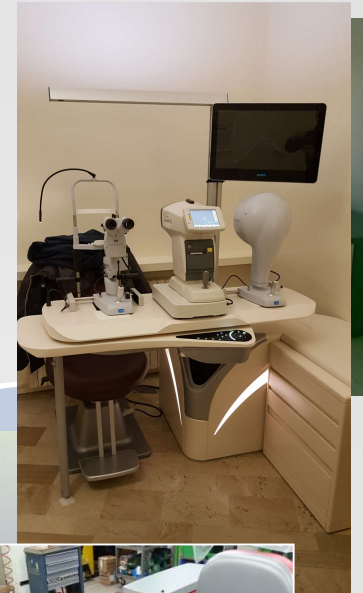

it permits the doctor to work even if the main board is broken .

However every connection is protected by a fuse and it saves the instrument in case of panne.

# POSSIBILITY TO PERSONALIZE THE STUDY

CUSTOMIZATION

Venezia 6-9 April CSO distributor meeting

## ARTIGIAN WHO ARE WORKING FOR US

Producing on an artisan level, we have the advantage of being able to personalize the studio, not only in terms of colors and accessories, but also with measurements, materials and furniture, all in order to make the work studios more and more in a harmonious environment for the customer, diversifying it and integrating it perfectly into the client's study and distinguishing it from standard production. That however exists to be able to have a high uniformity in quality, delivery timing and why not ... with the best price.

Venezia 6-9 April CSO distributor meeting

# PERSONALIZED STUDIO

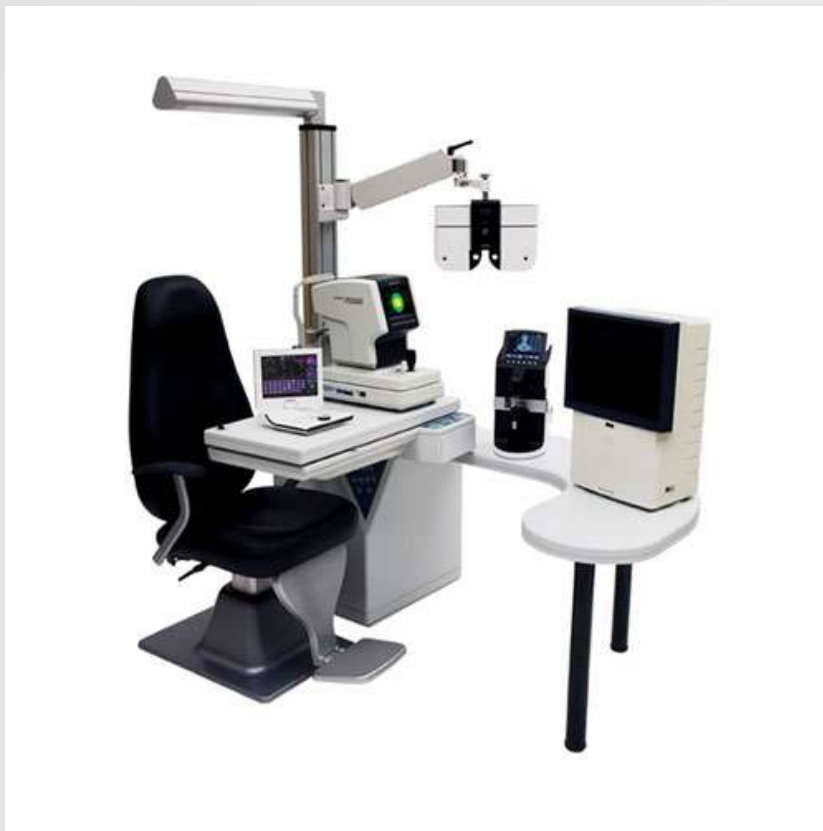

We are looking for more mixed combinations of precious materials and paintings with classic or modern effects

**...LOOK  
FORWARD**

Our range of assemblies starts from an electromechanical base model to the most advanced with some features of electrical handling and touch keyboards. Many of our assemblies already use processors that allow you to memorize some work functions during work, allowing more comfortable use.

But that's not all ....

We are investing in increasingly advanced electronic systems with cd programming and web remote control of machine status.

This allows the customer to choose the studio according to his needs and to be quiet and follow the distance when needed
